

Declaration of NON-GMO Statement

We, at Nature*4*Science, do not support the concept of GMO's, and will not knowingly handle and/or promote ingredients that contain GMO's (Genetically improved and/or genetically modified organisms). Therefore, our garlic "New-Gar"™ brand is not descendent from genetically modified and/or genetically modified organisms. Our manufacturer has taken all possible measurements in the growing and shipping of the garlic in a non-GMO environment.

Sincerely yours,
